Our Research Team

Alpha Research is NISM Qualified highly analytical and detail-oriented professional with a strong understanding of financial modeling, data analysis, and investment strategies. I have a passion for helping businesses and organizations make informed financial decisions by providing accurate and insightful analysis.

My experience in financial analysis includes analyzing financial statements, conducting market research, and creating financial models to identify trends and opportunities. I am proficient in financial software and tools, including Excel, Bloomberg, and other financial databases. My expertise also includes investment analysis, risk management, and portfolio management. I have experience in developing and executing investment strategies, conducting due diligence on potential investments, and managing portfolios to optimize returns. In addition to my technical skills, I am an excellent communicator and collaborator. I have experience working with cross-functional teams and presenting financial analysis to senior management and external stakeholders. I am committed to maintaining high standards of professionalism and ethical behavior in all aspects of my work. Overall, I am a dedicated and results-driven financial analyst who is passionate about helping businesses achieve their financial goals.

With

my expertise in financial analysis and investment strategies, I am confident that I can provide valuable insights and recommendations to any organization.

Financial Planning

Through this we want you to achieve your dreams and goals of the future but also help you meet your current needs.

Investment Products

We offer Mutual Funds, Retirement plans, stocks, bonds, FDs and structured products.

Life Insurance & Annuity

Insurance is taken to prepare for the unexpected. It is all about taking the right protection.

Trust Services

A trust is a right in property, which is held in a fiduciary relationship by one party for the benefit of another.

Taxation Advisory

There is more to tax planning than exemptions available on savings. With our advice, you will pay the right amount of tax, not more and not less.
